DPR-76BT

The DPR-76BT is an excellent companion for portable fun. Enjoy your favorite tunes to a visit in the park or a picnic in the garden with this compact radio featuring FM and DAB+. It's also a Bluetooth speaker should you wish to dive into your own playlist!

Thanks to its big easy-to-read LCD display with backlight, you won't have to worry about not being able to operate in the dark.

The slick design comes with great features, such as a headphone jack that allows you to dive into a world of your own music. Another worthy feature is the newly designed smart battery compartment. The radio will now be able to detect faulty batteries and locate its position in the battery compartment when plugged in for charging under standby mode! No more guessing and wasting batteries. Let's help build a greener environment!

PR-D3

PR-D3 is designed for long-range reception and audio clarity, it turns weak signals strong and also produces crisp, accurate audio for broadcasted news. The outstanding AM performance comes from SANGEAN's tailor-made 200mm bar antenna with our groundbreaking Tracking-less Technology. The traditional FM reception is also exceptional in its ability to bring in a weak station clearly. Audio can be adjusted for accurate, warmer voice, and even elevated musical performance. The PR-D3 is definitely one of the must-have portable radios out there that offer the best AM radio reception, which without a doubt is SANGEAN's flagship radio of all times.

SR-36

The SR-36, a pocket radio that is modest in size, but bold in sound with the strength to pull in all those distant AM/FM stations.

The new horizontal design from its top-selling predecessor still makes it the perfect travel companion, but also sits perfectly on any flat surface. With the built-in speaker, you have the option for headphone-free listening or simply plug in your earbuds for a more private listening experience. With the SR-36's excellent sound and reception and its built-in speaker, you will be able to enjoy every day trip, journey, and adventure without ever missing your favorite radio station again.

ATS-909X2

SANGEAN ATS-909X has been widely regarded by ham radio enthusiasts as one of the best portable shortwave radio out there. Now with the new and improved 2nd gen ATS-909X2, we've made some significant improvements over the functionality while refining the already-excellent features on the original model. Another worthy upgrade is the newly designed smart battery compartment. The radio will now be able to detect faulty batteries and locate its position in the battery compartment when plugged in for charging under standby mode.
